MD EXPLORER

HIGH PERFORMANCE. HIGH TECHNOLOGY. A HIGHER STANDARD. The MD Explorer® is a modern, high performance, light twin helicopter especially suited for multiple missions. Equipped with the exclusive NOTAR® system, it offers unparalleled levels of responsive performance, safety and quiet operation. Air medical, law enforcement, search and rescue, utility, corporate and electronic news gathering operators find the MD Explorer superior in every flying environment. The MD Explorer exceeds the industry's stringent safety standards and meets FAA and JAA requirements for single-pilot Category A IFR operations.

Max. Gross Wt.	Useful Load	Hover IGE	Hover OGE	Range*	Max. Cruise Spd.	DOC
6,250 lb	2,875 lb	12,000 ft	10,000 ft	293 nm	134 kt	\$531/hr
2835 kg	1304 kg	3658 m	3048 m	543 km	248 kph	
6,500 lb	3,125 lb	5,000 ft	5,000 ft	291 nm	125 kt	
2948 kg	1417 kg	1524 m	1524 m	539 km	232 kph	

* Range: Standard Day @ 5,000 ft MSL

MD 600N

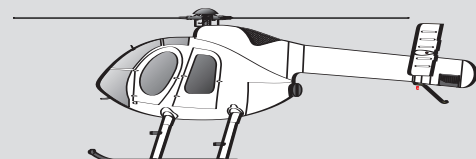

POWER, SAFETY, PERFORMANCE – ALL IN ONE PACKAGE. The MD 600N® tackles multiple missions with high-performance, single-engine economy. The versatile and spacious helicopter is specifically designed to carry up to seven passengers or sizable cargo. It also is well suited for law enforcement agencies and search and rescue operations, enabling them to perform their tasks with ease. The NOTAR-equipped helicopter operates in confined spaces with safety and is the quietest helicopter in its class. FADEC engine control and an available yaw stability augmentation systems make the MD 600N especially pilot-friendly.

Max. Gross Wt.	Useful Load	Hover IGE	Hover OGE	Range*	Max. Cruise Spd.	DOC
4,100 lb	2,000 lb	11,100 ft	6,000 ft	380 nm	134 kt	\$360/hr
1859 kg	907 kg	3353 m	1829 m	704 km	248 kph	

* Range: Standard Day @ 5,000 ft MSL

MD 520N

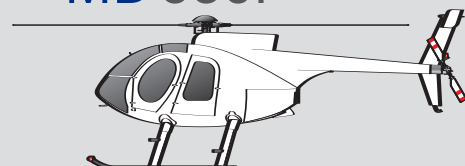

QUIET AND SAFE, FAST AND POTENT. The single-turbine MD 520N® is a quiet performer with unique safety benefits. It was the first commercial application of the NOTAR system for anti-torque and directional control without a tail rotor, setting a 15-year mark for safety and performance unmatched in its class. The proven five-place workhorse has been the standard of excellence for law enforcement agencies since it was introduced. Now more powerful than ever, the MD 520N features the improved 450-shaft-horse-power Rolls-Royce 250-C20R for increased performance.

Max. Gross Wt.	Useful Load	Hover IGE	Hover OGE	Range*	Max. Cruise Spd.	DOC
3,350 lb	1,764 lb	9,300 ft	5,600 ft	253 nm	123 kt	\$306/hr
1520 kg	800 kg	2835 m	1707 m	469 km	228 kph	

* Range: Standard Day @ 5,000 ft MSL

MD 530F

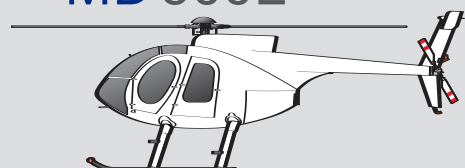

THE HIGH ALTITUDE, HOT-DAY WORKHORSE. The MD 530F® single-turbine five-place helicopter is engineered to meet the requirements for hot-day, high-altitude operations. This dependable powerhouse operates at significantly higher hover ceilings than competing aircraft, even at maximum gross weight. Like its companion aircraft in the MD 500 Series, the MD 530F is suitable for operating in confined spaces.

Max. Gross Wt.	Useful Load	Hover IGE	Hover OGE	Range*	Max. Cruise Spd.	DOC
3,100 lb	1,509 lb	16,000 ft	14,300 ft	232 nm	134 kt	\$319/hr
1405 kg	684 kg	4877 m	4359 m	430 km	248 kph	

* Range: Standard Day @ 5,000 ft MSL

MD 500E

PERFORMANCE, PAYLOAD, PRODUCTIVITY. Performance and value are key attributes of the five-place MD 500E®. Its capability and sophistication belie its low price and basic level of equipment. The MD 500E delivers high speed, payload and productivity with low direct operating cost. Equally impressive is its responsive agility and reliability. If noise is a concern, the MD 500E is available with a four-bladed tail rotor for quiet performance.

Max. Gross Wt.	Useful Load	Hover IGE	Hover OGE	Range*	Max. Cruise Spd.	DOC
3,000 lb	1,519 lb	8,600 ft	6,800 ft	290 nm	135 kt	\$278/hr
1361 kg	689 kg	2621 m	2073 m	537 km	250 kph	

* Range: Standard Day @ 5,000 ft MSL

DOC basis: fuel costs \$4.04 per gal. Gross Weight: max gross minus 10%. Speed: max range at 118 KIAS Altitude: 1,000 ft/Standard day.
