

Technical Publications Media Available

Technical Publications on Paper

MDHI Technical Publications are ordered through the Technical Publications Order Desk. Refer to instructions for "Ordering Technical Publications."

Technical Publications on Microfiche

MD500 Series Helicopter technical publications are also available on microfiche from:

Aircraft Technical Publishers (ATP)
101 South Hill Drive
Brisbane, CA 94005-9966
(800) 227-4610

Technical Publications on CD-ROM

MDHI has signed agreements with two companies, Aircraft Technical Publishers (ATP) and Avantext, for development of CD-ROM Electronic Technical Manuals (ETM) for MDHI model helicopters. Both companies will develop, market, sell and support their own versions of a CD-ROM ETM for MD Helicopters, Inc. If CD-ROM subscriptions are required, they must be purchased directly from these companies.

Technical Publications on Internet

In February 2000, MDHI started introducing online web access to MDHI publications on our website (<http://www.mdhelicopters.com>). Online access to MDHI publications has been expanded to include all MDHI commercially available technical publications for all MDHI model helicopters.

Items currently available online are; Service Bulletins, Technical Bulletins, Service Letters, FAA Airworthiness Directives, Flight Manuals, Technical Manuals, Overhaul Manuals, Illustrated Parts Catalogs, Part Price Lists, Publication Indexes, Publication Order Forms, Logbook Forms, Publication Change Requests, Warranty & Exchange Book, Service & Operations Reports, Rotorcraft Technical Descriptions, Training Center Brochure and Marketing Brochures.

Rather than waiting for a hard copy in the mail, on-line availability of MDHI publications allows timely access to up-to-date information which can be viewed and printed locally as needed. The online publications are in Adobe® Acrobat® PDF format with embedded hyper-links, but retain the look of the original paper manual content.

In addition, and in order to promote safety and reduce incidents, MDHI has an e-mail notification service to notify registered users via e-mail of new or revised MDHI Technical Manuals, Rotorcraft Flight Manuals, Service Bulletins, Service Letters, Technical Bulletins and applicable FAA Airworthiness Directives.

There is no charge to register for either the e-mail notification service or access to the on-line technical and flight manuals. To register for e-mail notifications and/or to obtain a password for online publications, go to http://www.mdhelicopters.com/publications/pubs_registration.php.

Ordering MDHI Technical Publications

MDHI Technical Publications are ordered through the Technical Publications Order Desk. Publications orders for customers with an open account are processed promptly. If you do not have an open account, at the time of placing your order, you must either;

1. Prepay for the order; credit card, submit a check, or copy of bank transfer of funds.
2. Submit your order through an authorized Service Center for drop shipment at your address.

(Note: When placing the order through the Technical Publications Order Desk, ensure the order clearly identifies the receiving customer with name and proper address for revision service distribution. **WE DO NOT DELIVER TO P.O. BOXES)**

Ordering by Check

Make checks payable to **MD Helicopters Inc.**

Send correspondence regarding orders to;

MD Helicopters, Inc.
Attn: Technical Publications Department
4555 East McDowell Rd.
Mesa, Arizona 85215-9734

Publications Order Desk

For assistance and/or information regarding your technical publications orders, please contact; MDHI Technical Publications Order Desk.
