CAYUSE WARRIOR

ARMED & READY

MILITARY

MD Helicopters takes pride in providing frontline support through our purpose-built, scout attack airframes. As global threats continue to increase, so does the requirement for fast, agile, and affordable helicopters. Built on sound and strategic supplier relationships and focused management practices, MD consistently delivers aircraft that support a full range of mission profiles.

THE **CAYUSE WARRIOR** IS ENGINEERED TO EXCEED

FULLY INTEGRATED AVIONICS

The Cayuse Warrior aircraft is outfitted with MDH's advanced glass cockpit design, which supports maximum visibility for the pilot and co-pilot. Using the latest display technology, the pilot maintains the ability to manage navigation, communication, and aircraft systems. The configuration is certified for day/night operations, and a night vision compatible cockpit is an available option. The design update modernizes the cockpit, and provides added redundancy and enhanced safety features, effectively reducing pilot workload. The cockpit is available in a left-hand or right-hand command configuration depending on specific customer mission requirements.

Glass Cockpit with Howell Instruments Engine Instrumentation Display & Garmin G500TXi MFD/PFD Standard Configuration shown
